Does this help? I don't feel like I took a lot of info out but I definitely streamlined it and put it into bullets.

I see, definitely don't want to repeat the info. How about significantly shorten the first page using bullets? Thanks.

I understood your comments but when I started to implement them on paper it honestly just felt like I was doing a lot of repeating myself between pages 1-2. After doing that it seemed simpler to just keep it all on one page. Some of that info is integral in understanding why we do what we do and how it's all linked together so I think it's hard to not have it all there. I know FEAD is putting together a table but I don't quite know what that will entail.

Hi

Not sure if my comments were clear, I think we need to put the information in succinct bullets for OP and then more detailed information on a separate page. I also like to use a table (which I believe you already have) to list out the outstanding FRNs. Otherwise, I doubt they will read it...we can chat more on Friday if you'd like, you can call me at

Personal Phone / Ex. 6 Thanks!

Jackie,

Attached is what we talked about at the general this am. We may decide to reformat this going forward but this includes all the relevant PRD info for Reg Review FRs. If you need anything else please let me know. Thanks!
